

## Change a child's life. Launch your career.

Match Corps is a one-year urban education fellowship. Recent college graduates from top universities across the country commit a year to closing the achievement gap in Boston, one student at a time. Match Corps Members tutor small groups of students in grades 1-12 and partner closely with families. Tutors are integral members of high-performing school teams in some of the best schools in America and discover what it takes to change the lives of kids.

- Must be a U.S. Citizen, National, or Permanent Resident
- Must be committed to a year of service in a fast-paced urban school setting

“My experience at Match completely influenced where I am today. I learned that I wanted to stay in education, but not in the classroom. It got me interested in the policies and regulations that affect schools, which led to a master's in education.”
